Learning Intention

To know we need to visit the dentist.

EYF Link

Talk about ways to keep healthy.

Vocabulary

Teeth

Dentist

Equipment

Downloadable slides

Downloadable storyboard

Lesson Content

Discussion: what a routine trip to the dentist is like.

Discussion: the importance of visiting the dentist.

Activity: go through the storyboard of a dentist trip together.

Teaching Guide

Show the children pictures of the dentists.

- Do they know what the pictures are of?
- Have many of them been to a dentist?
- Can the children explain the events of any of the pictures?

Discuss why we need to visit the dentist:

- So he/she can check our teeth are healthy.
- To give teeth an extra clean if needed.
- To fix any teeth if they have a problem.
- To count how many teeth we have.
- The dentist may paint a fluoride varnish to the teeth.

Talk through the storyboard in the order of events when visiting the dentist.

Look at some tools on the slide that the dentist might use during the dental visit so as to alleviate any fears the children might have.

Activity

Children cut out and order a series of pictures to show the events of Buddy's visit to the dentists.

or

Children visit the dentist surgery role play area. Act out a trip to the dentist, taking on the roles of dentist, family and receptionist with a toy as the patient.

Teaching Resources

The Oral Health Foundation has a comprehensive range of teaching resources to support teachers deliver further dental health education messages. These include leaflets, posters, wall charts, story books, models, educational games and demonstration puppets. To browse our complete range of resources please visit www.educatingsmiles.org

Specifically to deliver the lesson outlined above the following resources are particularly relevant:

Dental goody bag

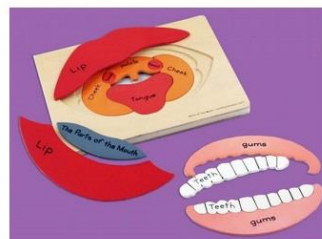

Brush for health stickers

Going to the Dentist book

First time dentist book

Wooden mouth puzzle

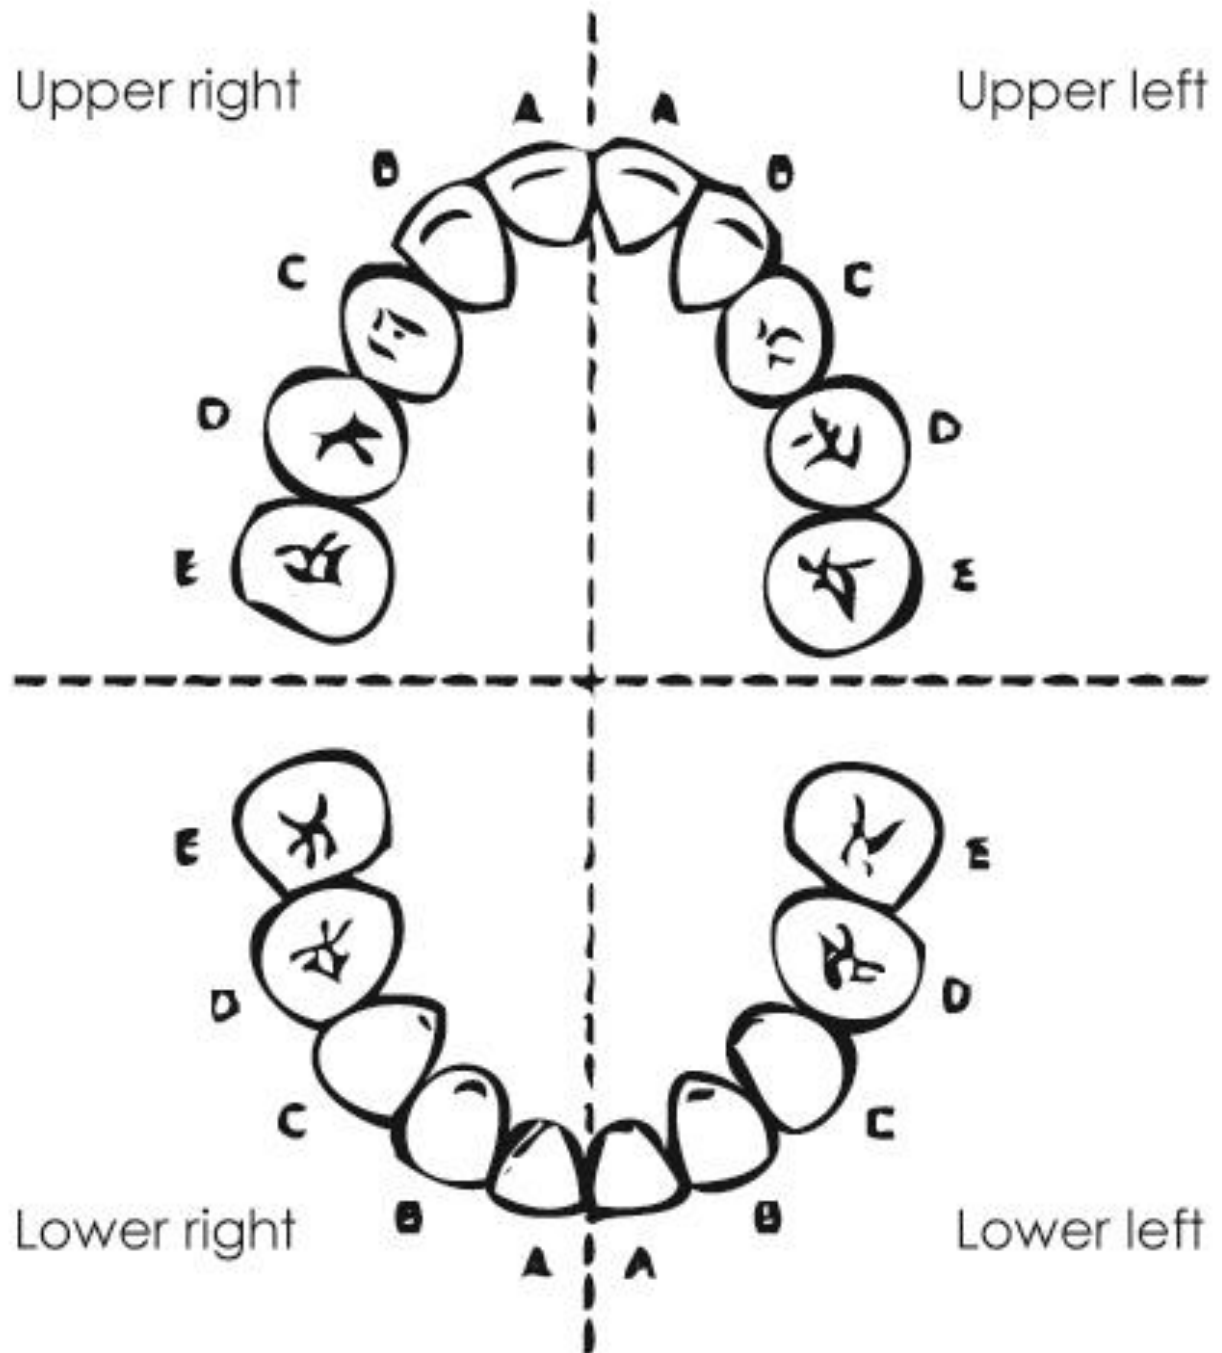

Dentist role play set

About Dental Buddy and the Oral Health Foundation

The Oral Health Foundation is an independent charity that is dedicated to improving the oral health of the public by providing free and impartial dental advice and by running educational campaigns. The Foundation has created the Dental Buddy programme to help teachers deliver dental health education at EYFS, KS1 and KS2. The programme features eight complete lessons across the three age ranges to provide teachers with interactive teaching materials that link to National Curriculum requirements.
